THE IREGA GUARANTEE

All IREGA wrenches are manufactured to the highest standards and are guaranteed against any defect in workmanship or materials.

Mod. **92W**

New **XTRA** Capacity

Mod. 92W

«XTRA» Capacity

New and Improved Design:

- Sizes 6" to 12"
- Up to 25% «XTRA» capacity
- Longer jaws
- Four thread knurl

• Perfectly parallel jaw surfaces ensure perfect grip of nut.

• Non-protruding jaw shank. Great accessibility in tight spaces.

• Metric measuring scale on jaws for easy jaws presetting and sizing of nuts, bolts, pipes, etc. (also available in inches).

The 92W's «XTRA» capacity allows to operate over a wider range of nuts and bolts using the same size of adjustable wrench, making of this model:

- A lighter and compact adjustable wrench. Top ergonomics and performance.
- An interesting saving without giving up IREGA's highest quality (each size allows to work on nuts / bolts for which, if using other brands, you would need a bigger wrench).

Manufactured according to the most stringent International Standards and exceeding UNE 16532:2002; ISO 6787:2001; BS ISO 6787:2001; ASME B107.100-2010 (B107.8); DIN 3117.

• Thinner and longer jaws. Top functionality and torque.

• Precision-ground jaw slides ensure smoother action and accurate adjustment of jaw & handle.

• Double security. Threaded Pin and visible Stake for working under extreme conditions.

• Triple coated chrome finish (2 Ni + 1 Cr) for perfect chrome adherence and maximum rust resistance.

• Ergonomic handle design makes work easier and more efficient.

• Every tool is individually inspected to Guarantee Total Customer Satisfaction.

• CHROME VANADIUM steel. Great resistance, minimum wear, unbeatable durability.

• Identification code. Full traceability.
